3. Right to Stock Options

The stock options shall, in deviation from the shareholders' pre-emptive subscription rights, be gratuitously issued to the key personnel of the KONE Group (stock option recipients) and to the Subsidiary wholly owned by the Company. The shareholders' pre-emptive subscription rights are deviated from since the stock options are intended to form part of the Group's incentive and commitment program for the key personnel. There is a weighty financial reason for the Company for granting the stock options.

1. The Board of Directors shall decide upon the granting of the stock options. The Subsidiary shall be granted stock options to the extent that the stock options are not granted to the key personnel of the KONE Group.

2. The Board of Directors shall later decide upon the further granting of the stock options subscribed by the Subsidiary, to the key personnel employed by or to be recruited by the KONE Group.

3. The stock options shall not be regarded as a part of a stock option recipient's regular salary and the stock options shall be regarded as discretionary and nonrecurring. 1. The stock options are freely transferable, when the relevant share subscription period has begun. The Board of Directors may, however, permit the transfer of a stock option also before such date. The Company or the Subsidiary shall hold the stock options on behalf of the stock option recipient until the beginning of the share subscription period. The stock option recipient has the right to acquire possession of the stock options when the relevant share subscription period begins. Should the stock option recipient transfer his/her stock options, such person is obliged to inform the Company about the transfer in writing, without delay.

2. Should a stock option recipient cease to be employed by or in the service of the KONE Group, for any reason other than the death of a stock option recipient, or the statutory retirement, retirement in compliance with the employment or service contract or retirement otherwise determined by the Company, such person or his/her legal successor shall, without delay, offer to the Company or its order, free of charge, the stock options for which the share subscription period specified in Section II.2 has not begun on the last day of such person's employment or service. The Board of Directors can, however, in the above-mentioned cases, decide that the stock option recipient is entitled to keep such stock options, or a part of them, which are under the offering obligation.

3. Regardless of whether the stock option recipient or his/her legal successor has offered the stock options to the Company or not, the Company is entitled to inform the stock option recipient in writing that the stock option recipient has lost his/her stock options on the basis of reasons mentioned in Sections I.5.1-2. Should the stock options be transferred to the book-entry account system, the Company has the right, whether or not the stock options have been offered to the Company, to request and get transferred all the stock options under the offering obligation from the stock option recipient's book-entry account to the book-entry account appointed by the Company, without the consent of the stock option recipient. In addition, the Company is entitled to register transfer restrictions and other respective restrictions concerning the stock options to the stock option recipient's book-entry account, without the consent of the stock option recipient.

4. A stock option recipient shall, during his employment, service or thereafter, have no right to receive compensation on any grounds for stock options that have been forfeited in accordance with these terms and conditions.

However, the share subscription period begins only if the financial performance of the KONE Group for financial years 2013-2014 based on the total consideration of the Board of Directors is equal to or better than the average performance of key competitors of KONE. If the above-mentioned prerequisite does not fulfill, stock options expire based on the consideration and in the extent and manner decided by the Board of Directors and the terms of the stock options. KONE Corporation's Board of Directors has noted on January 29, 2015 that the criteria of the 2013 stock options plan have been met and resolved that the share subscription period will begin April 1, 2015 in accordance with the terms and conditions.

3. Share subscriptions shall take place at the head office of the Company or possibly at another location to be determined later. Equality is reached in the manner determined by the Board of Directors by adjusting the number of shares available for subscription, the share subscription price or both of these.

7. Rights in Certain Cases

1. If the Company distributes dividends or funds from the reserve of invested non-restricted equity, the amount of the dividend or distributable invested non-restricted equity decided before the subscription is deducted from the subscription price of the stock option as at the record date for each dividend distribution or other distribution of funds.

If the Company before the subscription reduces its share capital by distributing share capital to shareholders, the amount of distributable share capital decided before the subscription is deducted from the subscription price of the stock option as at the record date of repayment of share capital.

3. If the Company is placed in liquidation before the share subscription, the stock option holder shall be given an opportunity to exercise his/her subscription right within a period of time determined by the Board of Directors. If the Company is removed from the register prior to the share subscription, the option holder has the same or equal rights with a shareholder.

4. Should the Company resolve to merge with another company as a merging company or merge with a company to be formed in a combination merger, or should the Company resolve to be demerged entirely, the stock option owners shall, prior to the registration of the execution of a merger or a demerger, be given the right to subscribe for shares with their stock options, within a period of time determined by the Board of Directors. Alternatively, the Board of Directors may give a stock option owner the right to convert the stock options into stock options issued by the other company, in the manner determined in the draft terms of merger or demerger, or in the manner otherwise determined by the Board of Directors, or the right to sell stock options prior to the registration of the execution of a merger or a demerger. After such period, no share subscription right or conversion right shall exist. The same proceeding shall apply to cross-border mergers or demergers, or should the Company, after having registered itself as an European Company (*Societas Europae*), or otherwise, register a transfer of its domicile from Finland into another member state of the European Economic Area. The Board of Directors shall decide on the impact of potential partial demerger on the stock options. In the above situations, the stock option owners shall have no right to require that the Company redeem the stock options from them at their market value.

5. If the Company, after the beginning of the share subscription period, resolves to acquire or to redeem its own shares by an offer made to all shareholders, the stock option owners shall be made an equivalent offer. In other cases, acquisition or the redemption of the Company's own shares or stock options or other special rights entitling to shares by the Company, shall not affect the position of stock option owners.

6. If, before the end of the subscription period, a situation, as referred to in Chapter 18 Section 1 of the Finnish Companies Act, in which a shareholder possesses over 90% of the shares and the votes of the shares of the Company, and therefore has the right and obligation to redeem the shares of the remaining shareholders, the stock option owners shall be entitled to use their right of subscription by virtue of the stock option within a period of time determined by the Board of Directors. A shareholder who possesses over 90% of the shares and the votes of the shares of the Company has the right to buy the stock option owner's stock options and when a shareholder exercises this right the stock option owner is under obligation to sell them to the shareholder for market value.

7. If the Company, prior to the share subscription, decides to combine its share series, stock option owners have equal rights with the owners of the Company's class B shares.
