**MAX &
BOB**

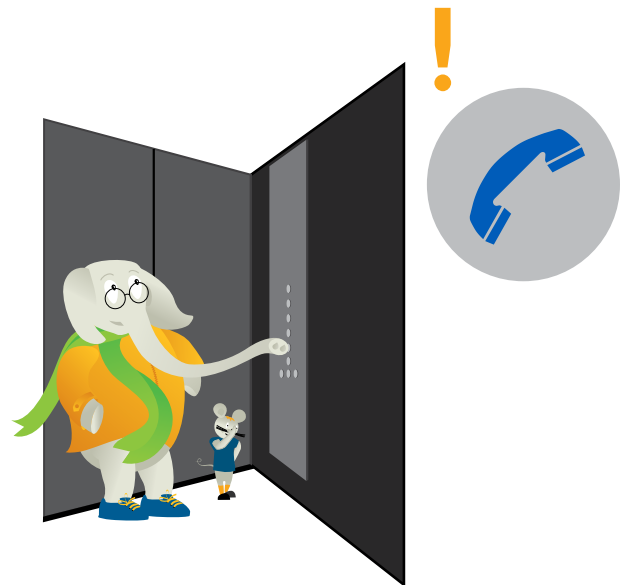

If the elevator is full, wait for the next ride.

When riding the elevator, stand in the back of the car facing forward.

Watch your step when entering or exiting the elevator, as it may not be level with the ground.

If the elevator gets stuck, push the alarm/call button and wait for help.

Elevator DON'Ts

Learn about safe elevator use

Do not use elevators in case of fire or other emergency.

Do not play in or around the elevator.

Do not place anything including your hands between or on the elevator doors, and do not lean on the doors.

Do not attempt to force the elevator doors open.
